WELCOME TO THE WINTER FESTIVAL
Frost Fest
 Orange and the surrounding region are warming up to host the 2012 Winter Festival - Frost Fest. Fire and Ice is the theme for this festival and will provide a broad appeal to people of all ages. Open fires, frost on the ground, great food, good wine and fun are thoughts that come to mind when thinking about the Winter Festival.
 There are a number of exciting and unique events to participate in across the 10 days including a special signature event - the Orange Frost Art Exhibition. Our beautiful region offers so much for families even whilst the weather is frosty and we hope that you will warm up by celebrating Winter in Frost Fest.
 We hope you enjoy our 2012 Frost Fest.
